#### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders Lafise Securities Corporation Miami, Florida

We have audited the accompanying statement of financial condition of Lafise Securities Corporation as of December 31, 2014, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of Lafise Securities Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lafise Securities Corporation as of December 31, 2014, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The supplementary information contained in Schedules I, II and III has been subjected to audit procedures performed in conjunction with the audit of Lafise Securities Corporation's financial statements. The supplementary information contained in Schedules I, II and III is the responsibility of Lafise Securities Corporation's management. Our audit procedures included determining whether the supplementary information contained in Schedules I, II and III reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in Schedules I, II and III. In forming our opinion on Schedules I, II and III, we evaluated whether the supplementary information contained in Schedules I, II and III, including its form and content is presented in conformity with 17 C.F.R. § 240. 17a-5. In our opinion, the supplementary information contained in Schedules I, II and III is fairly stated, in all material respects, in relation to the financial statements as a whole.

ROTH, JONAS, MITTELBERG & HARTNEY, C.P.A.'S, P.A.

#### NOTES TO FINANCIAL STATEMENTS

#### 1. Organization and Nature of operations

The Company was incorporated under the laws of the State of Florida on June 1, 2001, for the purpose of selling investment products and securities and other services related to investment advisement, money management and other business services.

The Company is a broker-dealer registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is an introducing broker, and as such clears all transactions on a fully disclosed basis through clearing firms and does not hold customer funds or customer securities.

#### 2. Summary of significant accounting policies

Basis of Presentation and Revenue Recognition

The accounting policies and reporting practices of the Company conform to the predominant practices in the broker-dealer industry and are in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Proprietary and customer securities transactions and related revenue and expense are recorded on a trade date basis using the accrual method of accounting. All trading and investment securities, if any, are valued at quoted market price and unrealized gains or losses are included in revenues from firm trading.

#### Use of Estimates

The preparation of financial statements in conformity with U.S.GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements, as well as their related disclosures. Such estimates and assumptions also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

The Company considers short-term interest bearing investments with initial maturities of three months or less to be cash equivalents. Cash balances consist of cash held at two commercial banks.

#### Government and Other Regulation

The Company's business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

As a registered broker dealer, the Company is subject to the SEC's net capital rule (Rule 15(c) 3-1) which requires that the Company maintain a minimum net capital, as defined.

#### NOTES TO FINANCIAL STATEMENTS

#### 2. Summary of significant accounting policies (continued)

Property and Equipment, net

Property and equipment is stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which range from five to ten years. Repairs and maintenance are expensed as incurred while betterments and improvements are capitalized. When property and equipment are retired, sold, or otherwise disposed of, the asset's carrying amount and related accumulated depreciation are removed from the accounts and any gain or loss is included in operations.

Valuation of Investments in Securities at Fair Value – Definition and Hierarchy

In accordance with U.S.GAAP, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Company uses various valuation approaches. In accordance with GAAP, a fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors including, the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement.

#### NOTES TO FINANCIAL STATEMENTS

#### 2. Summary of significant accounting policies (continued)

Valuation of Investments in Securities at Fair Value -- Definition and Hierarchy (continued)

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Company uses prices and inputs that are current as of the measurement date, including periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in Note 5. Fair value estimates involve uncertainties and matters of significant judgment regarding interest rates, credit risk, prepayments, and other factors, especially in the absence of broad markets for particular instruments. Changes in assumptions or in market conditions could significantly affect the estimates. The carrying amount of all financial assets and liabilities approximates fair value.

#### Loss Contingencies

Loss Contingencies, including claims and legal actions arising in the ordinary course of business are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there are presently such matters that will have a material effect on the financial statements.

#### Income Taxes

For income tax purposes, the Company maintains its accounts using the accrual method of accounting. Deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

#### Financial Instruments with Off-Balance Sheet Risk

The Company, under its correspondent agreements with its clearing brokers, has agreed to indemnify the clearing brokers from damages or losses resulting from customer transactions. The Company is therefore exposed to off-balance sheet risk of loss in the event that customers are unable to fulfill contractual obligations including their obligations under margin accounts. The Company believes that is unlikely it will have to make a material payment under this indemnity, and accordingly, has not recorded any contingent liability in its financial statements.

#### Subsequent Events

The Company has evaluated subsequent events through the date the financial statements are issued.

#### NOTES TO FINANCIAL STATEMENTS

#### 3. Income Taxes

The Company follows an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for difference between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

The determination of the Company's provision for income taxes requires significant judgment, the use of estimates, and the interpretation and application of complex tax laws. Significant judgment is required in assessing the timing and amounts of deductible and taxable items and the probability of sustaining uncertain tax positions. The benefits of uncertain tax positions are recorded in the Company's financial statements only after determining a more-likely-than-not probability that the uncertain tax positions will withstand challenge, if any, from tax authorities. When facts and circumstances change, the Company reassesses these probabilities and records any changes in the financial statements as appropriate.

In accordance with GAAP, the Company is required to determine whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized could result in the Company recording a tax liability that would reduce stockholder's equity. This policy also provides guidance on thresholds, measurement, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition that is intended to provide better financial statement comparability among different entities. Management's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof.

The Company files its income tax returns under U.S. Federal and State jurisdictions. These returns are subject to income tax examinations by major taxing authorities generally for three years after the returns are filed. Therefore the current year and three preceding years remain subject to examination as of December 31, 2014.

As of December 31, 2014, the Company has a State net operating loss carry-forward of approximately \$195,000 which will expire in years through 2029.

#### NOTES TO FINANCIAL STATEMENTS

#### 4. Clearing Arrangements

The Company has a clearing agreement with its clearing broker to provide execution and clearing services on behalf of its customers on a fully disclosed basis. All customer records and accounts are maintained by the clearing broker. The Company maintains a deposit with its clearing broker in the amount of \$100,000 which is included in the "Deposits with clearing brokers" line of the statement of financial condition. A termination fee may apply if the Company were to terminate its relationship with the current clearing broker. No other deposits are required. The Company does not carry accounts for customers or perform custodial functions related to customers' securities. The Company introduces all of its customer transactions, which are not reflected in these statements to its clearing broker, which maintains the customers' accounts and clears such transactions.

#### 5. Fair value measurements

The Company's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy in accordance with U.S. GAAP guidance for fair value measurement. See Note 2 for a discussion of the Company's policies regarding this hierarchy.

The Company's financial assets and liabilities measured at fair value on a recurring basis include those securities classified as securities sol, not yet purchased on the statement of financial condition.

The following table presents information about the Company's assets and liabilities measured at fair value as of December 31, 2014:

|                                     | _     | uoted Prices<br>in Active<br>Markets<br>or Identical<br>Assets<br>(Level 1) | Obs<br>I | nificant<br>Other<br>servable<br>nputs<br>evel 2) | Unob<br>In | nificant<br>servable<br>puts<br>evel 3) | ŀ  | llateral<br>Held<br>Broker | De | Balance<br>as of<br>ecember 31,<br>2014 |

#### NOTES TO FINANCIAL STATEMENTS

#### 6. Net Capital Requirement

The Company is a member of FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2014, the Company's net capital was \$1,026,276 which was \$926,276 in excess of its minimum requirement of \$100,000. The Company's ratio of aggregate indebtedness to net capital was 0.2336 to 1 as of December 31, 2014.

#### 7. Exemption from Rule 15c3-3

The Company is exempt from the SEC Rule 15c3-3 pursuant to the exemptive provision under sub-paragraph (k) (2) (ii) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers."

#### 8. Commitments

Legal Claims

In the ordinary course of business, incidental to the Company's operations, the Company retains outside counsel to address claims with which the Company is involved. As of December 31, 2014, the Company was not aware of any legal proceedings, which management has determined to be material to its business operations.

#### 9. Concentration of Credit Risk

The Company maintains its bank accounts at two (2) different financial institutions. One of these accounts totaling \$ 3,011 is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 and the other account located overseas totaling \$ 8,262 is not covered by the FDIC.

#### NOTES TO FINANCIAL STATEMENTS

#### 10. Lease Commitments

The Company occupies its office location under an expense sharing agreement with Lafise Corporation, an affiliated entity, whereby they are billed for approximately 56% of the total rent. The company's rental obligation under this agreement is as follows:

#### Year ended December 31

| 2015<br>2016<br>2017<br>2018 | \$<br>163,199<br>168,078<br>172,916<br>177,754 |

#### 11. Date of Management's Review

The Company has evaluated subsequent events through February 19, 2015, which is the date the financial statements were available to be issued. There have been no subsequent events as of the date the financial statements were available to be issued which need to be disclosed in the accompanying financial statements.

| Computed minimum net capital required (6-2/3% of aggregate indebtedness)     | \$           | 15,981                                |
| Minimum net capital required (under SEC Rule 15c3-1)                         | \$           | 100,000                               |
| Excess net capital   | \$           | 926,276                               |
| Net capital less greater of 10% of aggregate indebtedness or 120% of minimum |              |                                       |
| net capital required   | \$           | 906,276                               |
| Percentage of aggregate indebtedness   |              |                                       |
| to net capital   |              | 23.36%                                |

There are no significant differences in the computation of adjusted net capital between the amended unaudited broker-dealer focus report and the audited annual report.

SCHEDULE II
STATEMENT ON EXEMPTION FROM THE COMPUTATION FOR
DETERMINATION OF RESERVE REQUIREMENTS AND INFORMATION
RELATING TO POSSESSION OR CONTROL REQUIREMENTS UNDER RULE 15C3-3
OF THE SECURITIES AND EXCHANGE COMMISSION
AS OF DECEMBER 31, 2014

In accordance with the exemptive provisions of SEC Rule 15c3-3, especially exemption k (2) (ii), the Company is exempt from the computation of reserve requirements and the information relating to the possession of control requirements. All customer transactions are cleared through other broker-dealers on a fully disclosed basis. The Company holds no customer funds or securities. Any such funds or securities are promptly transmitted to the clearing broker-dealer.

SCHEDULE III
SUBORDINATED BORROWINGS

**December 31, 2014** 

As of December 31, 2014 and during the year then ended, the Company did not have any subordinated borrowings.

INDEPENDENT AUDITOR'S REPORT ON APPLYING AGREED UPON PROCEDURES

RELATED TO AN ENTITY'S SIPC ASSESSMENT RECONCILIATION

## ROTH, JONAS, MITTELBERG & HARTNEY, CPA's, P.A. CERTIFIED PUBLIC ACCOUNTANTS

Independent Auditor's Report on Applying Agreed-Upon Procedures Related to an Entity's SIPC Assessment Reconciliation

Board of Directors Lafise Securities Corporation Miami, Florida

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments (General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31,2014, which were agreed to by Lafise Securities Corporation and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating Lafise Securities Corporation's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Lafise Securities Corporation's management is responsible for the Lafise Securities Corporation's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in form SIPC-7 with respective cash disbursement records entries, including cash disbursement journals and copies of the checks issued in payment, noting no differences.
- 2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2014, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2014, noting no differences.
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, including interim profit and loss statements and interim unaudited Company prepared focus reports, noting no differences.

Lafise Securities Corporation Page Two

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers, including Company prepared unaudited interim focus reports and profit and loss statements, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other then these specified parties.

### REVIEW REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON EXEMPTION PROVISION

We have reviewed management's statements, included in the accompanying exemption report in which Lafise Securities Corporation identified the following provisions of 17 § C.F.R. 15c3-3(k) under which Lafise Securities Corporation claimed an exemption from 17 § C.F.R. 240. 15c3-3 (2) (ii) and Lafise Securities Corporation stated that Lafise Securities Corporation met the identified exemption provision throughout the most recent fiscal year ended December 31, 2014 without exception. Lafise Securities Corporation's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board in the United States of America and, accordingly, included inquiries and other required procedures to obtain evidence about Lafise Securities Corporation's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph (k) (2) (ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

ROTH, JONAS, MITTELBERG & HARTNEY, CPA'S, P.A.

February 19, 2015

## **Exemption Report pursuant to SEC Rule 17a-5**

## For the Year Ended December 31, 2014

Lafise Securities Corporation is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission. This Exemption Report was prepared as required by 17 C.F.R. 240.17a-5(d)(1) and (4). To the best of the company's knowledge and belief, the Company states the following:

Lafise Securities Corporation operates pursuant to paragraph (k)(2)(ii) of SEC Rule 15c3-3 under which the Company claims an exemption from SEC Rule 15c3-3.

The Company has met the identified exemption provision for the year ended December 31, 2014, without exception.

We affirm to the best of our knowledge and belief, this Exemption Report is true and correct.

Luisa Franchy, Chief Financial Officer
